## **Durant Wal-Mart named Regional Store of the Year, again**

The Durant Wal-Mart store has reached a landmark achievement for the second time. The Durant location was chosen as the Regional Store of the Year.

There are approximately 150 stores in this region, which includes all of Oklahoma and part of Kansas. The award is based on store standards, such as cleanliness, customer service and friendliness; numbers; and customer surveys.

“Earning this award is a tribute to the associates who work here and the customers who shop here,” said store manager Mike Snell. “We appreciate all that the associates do to set such high standards. And we appreciate the customers who make our jobs worthwhile.”

This is the second time the store has earned the Regional Store of the Year title. The store was given a plaque by the home office as recognition. The award is based on information from January 31, 2006 through January 31, 2007.

**Mike Snell holds a plaque which he received in Kansas City at a company meeting. The Durant Wal-Mart was selected number one out of 150 stores in their region,**
